**POR** Participamos pela primeira vez no DOCSP com a intenção de conhecer representantes da indústria e produtores brasileiros. Isso com a ideia de comemorar alianças e negócios, além de criar e fortalecer nossas redes. Somos dois países amigos com um acordo de coprodução cinematográfica que permite que filmes e séries sob essa modalidade se beneficiem dos incentivos de produção e distribuição que existem tanto no Chile quanto no Brasil.

Estamos aqui para nos conhecermos, promovermos a confiança e potencializarmos esses acordos e parcerias. Esse é o nosso principal desejo.

Junto com isso, queremos aproveitar a oportunidade para compartilhar a estreia no Brasil do documentário *La memoria infinita*, dirigido por Maite Alberdi e produzido por ela, Juan de Dios Larraín, Pablo Larraín e Rocío Jadue. Trata-se de um filme sensível e profundo, sobre um amor inquebrável, bem como sobre as fraturas da memória. Celebramos a participação de Paulina Urrutia, uma das protagonistas desse poderoso documentário, que apresentará um seminário e nos acompanhará em uma atividade de *networking* durante esses dias no DOCSP, para a qual todos estão convidados.

Vamos nos encontrar nesses dias para celebrar juntos nossas semelhanças e diferenças, nas quais esperamos nos complementar.

**ENG** We came to DOCSP for the first time with the goal of meeting Brazilian industry representatives and producers, with the idea of celebrating partnerships and business, as well as creating and strengthening our networks. We are two friendly countries with a film co-production agreement, which allows films and series under this modality to benefit from incentives for the production and distribution available both in Chile and Brazil.

We are here to get to know each other, build trust, and boost these agreements and partnerships. That is our primary desire.

Along with this, we would like to take this opportunity to share the Brazilian premiere of *The Eternal Memory*, a documentary directed by Maite Alberdi and produced by herself, Juan de Dios, Pablo Larraín, and Rocío Jadue. It is a sensitive and profound film about unbreakable love and the fractures of memory. We celebrate the participation of Paulina Urrutia, one of the protagonists of this powerful documentary, who will be giving a seminar and joining us for a networking event during these days at DOCSP, to which everyone is invited.

Let's come together during these days to celebrate our similarities and differences, hoping to complement one another.

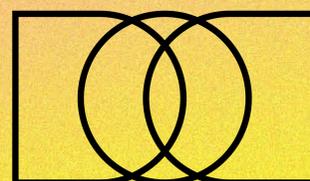

Encontro Internacional  
de Documentário de São Paulo

# BILATERAL CO-PRODUCTION MEETING CHILE - BRAZIL

Space to promote exchange and encourage business partnerships between Chilean and Brazilian producers, where each participant will present his or her company, interests and main projects.

## ► NeuroFilms

At Neurofilms we produce films and series, both fiction and documentary. We stand out for our constant search for social, historical and educational themes, with a strong emphasis on production in regions other than the capital. We also have proven experience in voice talents and sound postproduction.

### Interests

Our interests are related to social, historical and educational topics, in addition to regional audiovisual production and the decentralization of culture.

### Services

We produce films, TV series and web series, both fiction and documentary. We also offer Sound Postproduction and Voice Talents services.

ON-SITE

## ► We Are South

Original content production company with twelve years of existence dedicated to the production of series and documentaries, reports and news coverage. Our goal is to promote the creation of quality film and television with international projection.

Our productions focus on environmental, historical and social issues, always from a Latin American perspective. We believe that South America offers rare and wonderful material.

### Interests

We believe in documentaries as an agent of change for our societies and in the potential of Latin America to contribute to the global conversation.

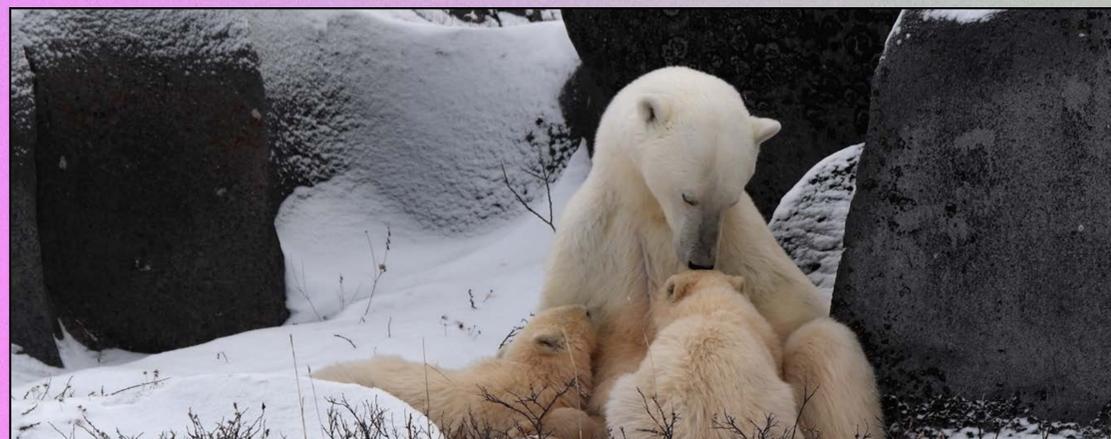

We seek to generate international co-productions for film and television, as well as commissions and direct work with broadcasters and producers.

### Services

The company covers diverse areas within production, from script generation and creative concepts to filming, image and sound capture, and video editing.

It has an experienced team of pilots dedicated to producing excellent aerial cinematography. It also provides rental, fixer and logistics services: location scouting, casting, customs, permits, transportation, security, hotels, etc.

## Becoming a Man Hacerse hombre

*Becoming a Man* is a documentary series with modern language that seeks to rethink masculinities in contemporary Ibero-American times. In each chapter we will learn from our narrator, a country and a character that is part of an active movement in promoting new ways of understanding masculinity and gender relations. While we accompany him through his city, we discover keys and concepts with animations that allow us to understand history and vocabulary.

## ► Wolf Producciones

Wolf Producciones is an audiovisual and cultural management agency and production company, which since 2003 has been dedicated to making documentary, fiction, video art and events productions on social, ethnic and environmental themes, which is why it is interested in being a contribution of contents to the dissemination and Patagonian-Antarctic identity both at a regional, national and international level. As a producer I have generated content for CNTV Infantil and collaborated with universities in southern Chile.

### Interests

Non-fiction, documentaries, fiction, TV programs and coordination of digital post-production and production services.

### Services

Film production, documentary research, location production, photography direction, image post production.
