We are happy to arrive in Berlin with two world premieres: *Oasis*, selected in **Berlinale Forum**, and *Al Sol, lejos del Centro*, in **Berlinale Shorts**.

Today, the documentary is serving as a great ambassador for Chilean cinema. Examples include the Oscar-nominated film *The Eternal Memory* and *Malqueridas*, which received three awards at the **Venice Film Festival's Critics' Week**. The documentary sector has consolidated its artistic and technical quality

and, above all, its ability to attract global audiences with the themes it addresses.

Furthermore, for the first time, **Chiledoc** officially arrives at EFM to present documentary projects with great international potential and host a networking event to showcase available state financing sources for audiovisual projects in Chile.

Join us to network and enjoy our cinematography!
